1. Start with your paper coloured side up.
Fold in half, then in half again, as shown. Crease well, then open out again.

2. Turn the paper over and fold in half diagonally and in both directions. Crease well and open out once again.

3. Holding the points shown, bring them both down to the centre point on the bottom line.
Flatten model. This is called a waterbomb base.

4. Fold bottom corners of front flaps up to the top corner.
Repeat this on the back as well.

5. Turn the front flap to the left, like turning the pages in a book. Do the same to the other side of the model.

6. Move the upper flaps toward each other, and tuck one into the other, as far as it goes.

7. When you flatten this, make sure the distances A & B shown are equal.

8. Repeat steps 6 & 7 on back of model, to get this.

9. Blow into base of tulip to inflate and shape the flower.

10. Peel each petal down, slowly and carefully.
Finished Tulip.
Pair with the the Flower Stem.

Origami Blossom Instructions

1. Start with a square piece of paper, white side up. Fold in half and open. Then fold in half the other way.

2. Turn the paper over to the coloured side. Fold the paper in half, crease well and open, and then fold again in the other direction

3. Using the creases you have made, Bring the top 3 corners of the model down to the bottom corner. Flatten model

4. Rotate model so the open part is at the top.

5. Fold top triangular flaps into the centre.

6. Turn model over and repeat this step on the other side.

7. Fold the bottom corner upwards to the point shown. Crease very well and unfold.

8. Open out the front and back petals. As you open the front and back petals, the side petals should open up too, revealing the colour inside.

9. You can then fold the stem in half backwards to make the petals stay in place.

1. Start with a square piece of paper, white side up.

Fold the paper in half, crease well and open, and then fold again in the other direction.

2. Turn the paper over to the coloured side.

Fold the paper in half, crease well and open, and then fold again in the other direction.

Your creases should look like this.

3. Using the creases you have made, Bring the top 3 corners of the model down to the bottom corner.

Flatten model.

4. Fold toward centre line and unfold.

5. Using the crease you have just made, open and flatten this flap.

6. Repeat step 4 and 5 on the other 3 flaps of the model.

7. 'Turn the page' of the front and back flaps; so your model looks like this.

8. Lift the top layer up, folding along the crease shown.

9. Now repeat step 8 on the remaining 3 flaps, so the model now looks like this.

10. Turn over and make sure there are equal pleats behind each side of model.

11. Pinch these two creases through all layers.

12. Now pinch the narrow end to make the edges meet behind the model.

13. Holding the narrow point of the model very loosely, pull the outermost petals toward each other until they meet.

14. Now form the petals by pinching the ends, and slightly folding back these tips.

Finished Flower.
